

# The All-In-One Safety Solution

## JACKSON SAFETY\* Hard Hat Interchange System

At KIMBERLY-CLARK PROFESSIONAL\*, we create Exceptional Workplaces\* – *safer, healthier and more productive*. That means we are in the people business. We design our products to protect and empower your most important asset: ***your people***.

Injuries can happen in a split second – even during the time it takes to remove a hard hat when you need a face shield or welding helmet.

Now it's easy to stay protected at all times with the JACKSON SAFETY\* Hard Hat Interchange System from KIMBERLY-CLARK PROFESSIONAL\*. **It lets you easily add, remove or switch between your welding helmet or face shield – all without removing your hard hat.**

- **Keep workers protected continuously** to help reduce injuries and maintain compliance. This new system works by touch only, so there is no need to remove the hat as you change PPE.
- **Keep your productivity up** with this amazingly easy-to-use system. Changing from one function to another is 2.8 times faster than with competitive multi-function systems.
- **Reduce your inventory** by standardizing to this new all-in-one system from a single PPE manufacturer. It keeps you compliant with ANSI Z87.1– 2010 standards while reducing your inventory of various parts and pieces.

Exceptional  
Workplaces\*

**JACKSON**  
SAFETY Brand
